

About Community Health Centers

The mission of the Community Health Centers of Lane County is to improve the health and wellness of our community through access to affordable, holistic healthcare.

Our professional staff is accepting, caring and strives for excellence in all aspects of the care we provide.

No matter your age, family situation or ability to pay - Community Health Centers is your partner in affordable healthcare.

We accept Oregon Health Plan, Medicaid and private pay insurance. We provide affordable healthcare and offer a sliding fee scale or payment plans.

At Community Health Centers, you will be treated with respect and with dignity regardless of race, religion, sex, national origin, sexual orientation, political affiliation or ability to pay for services as determined by your eligibility status.

Community Health Centers clinic sites include: RiverStone, Springfield Schools Health Center and Safe & Sound Homeless Youth Clinic, among others.

We thank our many supporters for their commitment to healthcare access in our community.

The Whole Family

Healthy people are the foundation of healthy communities. The Community Health Centers provide superior, affordable primary care for the whole family. We offer compassionate care for infants, children, adolescents, adults and seniors.

We believe all people are entitled to complete, affordable, quality healthcare. In adopting this philosophy we affirm our respect for our patients and our commitment to treat all patients with care and dignity.

"At Community Health Centers, we have found our medical home. From our 8-year-old daughter to my aged father, we all receive compassionate care from the providers at the clinic." ~ Patient

The Whole Person

At Community Health Centers, we focus on integrated care that values the whole person. Our services encompass not only treatment and prevention of illness but also health education, behavioral health services, children's preventive dental service and outreach.

From treatment of chronic conditions, such as diabetes, high blood pressure and asthma to mental health consultations and referrals to specialists, the clinic providers work side-by-side to help meet your healthcare needs.

We work with a network of community partners, each of which shares our vision and mission to improve the lives of patients and support the healthcare safety net in our county.

"I trust my provider at Community Health Centers. She always listens - I mean really listens to me. She helps me understand my options and I feel like I have a voice in my care." ~ Patient

The Staff

Our outstanding physicians and nurse practitioners share a commitment to complete wellness for the whole family and the whole person. Each staff member is encouraged to find new solutions and to work together to deliver exceptional results.

"I can't imagine practicing medicine anywhere else. On a day-to-day basis we meet the needs of our patients through integrated and holistic care. That's a good day's work." ~ Provider
