

Leslie West, FNP  
Family Nurse Practitioner

“ I know that my family will always get great care at the Clinic. My son has very bad asthma and rather than worry about making the hour drive to Springfield if he has an attack, the Clinic - our Clinic - is nearby. The nurse practitioners are very caring and know our family. That’s important. ”

Alejandra Montes, patient

“ The McKenzie River Clinic provides an essential service to our community. As an employer here in McKenzie Bridge, we could not offer the quality of life today’s employees are seeking without the clinic’s enduring presence in our valley. Thanks MRC for all you do for us. ”

## Your Donations Matter

The rising cost of health care has left us all vulnerable. Declining Medicare and Medicaid payments, along with an increase in patients without insurance, threatens McKenzie River Clinic's ability to deliver care. The Clinic relies on the support of the community, patients and donors.

Donations to the McKenzie River Clinic & Medical Foundation ensure that high-quality, compassionate care remains accessible to residents and visitors in the McKenzie River Valley.

The Clinic & Foundation are led by a dedicated board of directors. Each board member uses the Clinic for their primary care provider and lives and works in the community.
